Dear Parents and Carers

As part of the Neurodiversity in Schools (NDIS) Project, Portsmouth Parent Voice (PPV) is working with our school to **set up a parent hub**; a safe space for peer to peer support, to engage with parent carers, provide better access to relevant services, gather feedback and provide the best support for families. This should in turn help to ensure the best possible outcomes for children, young people and their families in Portsmouth.

The Neurodiversity in school's project seeks to change the SEN (Special Educational Needs) support culture for children and young people away from diagnosis and labels into a more needs led approach. It is important to note that the neurodiversity pathway does not replace the diagnostic pathway, it only ensures that a child/young person's needs are identified and met whether their profiling meets a diagnostic threshold or not.

The Parent hub will potentially meet once every half term and your input will be highly valued to help us set up the parent hub to suit your needs or interests. Please complete the survey below.

**Fill out the 2-minute survey below and be entered into the prize draw to win a £20 Amazon gift voucher.** Click on the link below....

### [PARENT HUB SURVEY](#)

I hope that by attending the Parent Hub, we will be able to work together with you and your school to achieve the best possible outcomes for your child/young person and your family.

If you have any questions, please reach out to me.

Kind Regards,  
**Olufolake 'Flo' Ayeyemi**
