Our Aims in PE

At Portsdown Primary School, Physical Education (PE) is an integral part of our Curriculum that is inclusive and engages all pupils, in a supportive and challenging environment. Portsdown Primary School work closely with Pompey in the Community who are our partner of choice. Together we aim to nurture, confident, resilient children who strive to achieve their potential through a wealth of competitive experiences. We aspire for children to acquire, develop and refine their practical skills and techniques; to further their knowledge and understanding of PE concepts and principles and develop their overall competence, to enjoy, and excel in, a broad range of sports and physical activities.

We aim to deliver high-quality teaching and learning opportunities which enable all children to succeed; to enjoy their learning; to be resilient and consistently strive to give their best efforts at all times and achieve their potential and personal best.

Children participate in competitive sport and through this we teach children how to cooperate and collaborate effectively as part of a team and compete appropriately against others, adhering to the principles of fairness, sportsmanship and respect, values we hope to embed for future life.

We understand the importance PE, School Sport and Physical Activity has on childrens' general health, fitness and mental wellbeing. We provide opportunities for all children to be physically active for sustained periods of time and we teach children the importance of leading healthy, active lives and making informed and appropriate lifestyle choices.

Swimming is an important life skill and we aspire for all children to leave primary school being able to swim at least 25 metres.

Planning and Teaching

- PE at Portsdown Primary School provides challenging and enjoyable learning through a range of sporting activities including: Invasion Games, Strike and Field Games, Gymnastics, Dance, Athletics and Swimming
- Children participate in one PE lesson each week with a coach from 'Pompey in the Community', covering one sporting activity every half term. In addition, class teachers supplement with this with general fitness (yoga, outside games), healthy eating lessons to promote a healthy body and mind.
- The P.E Timetable sets out the PE Units/Activities which are to be taught each half term throughout the year and ensures that the requirements of the National Curriculum are fully met. *(this is on our website and a copy is below)*

- The emphasis of our PE curriculum is inclusion for all children regardless of sporting ability. We provide suitable learning opportunities for all children, including those with SEND.
- All Children are taught by a qualified PE specialist/ coach
- All children from years EYFS to 6 are taught Dance, for one half term, by a Dance specialist
- All children are taught Gymnastics, for one half term, by a Gymnastic specialist
- Children in Years 3 attend Swimming lessons for one term each year. Children are taught to swim competently, confidently and proficiently over a distance of at least 25 metres; use a range of

strokes effectively [for example, front crawl, backstroke and breaststroke] and perform safe self-rescue in different water-based situations.

- We promote both participation and competition through P.E and sport. We ensure all children experience competition at some level, individually or in a team, within lessons.
- Children participate in workshops/whole school events, sourced by the school and delivered by outside providers, covering a variety of sports throughout the year. For example; The 'Pompey in the Community' Coach Leaders Program, Additional Dance Lessons (where a senior school teacher comes in to teach them a dance in Years 5-6), Scootfit (where children learn how to safely ride a scooter), mini-sporting events run by PIC and Sports Leaders from local Senior Schools.
- All children in KS1 and KS2 have the opportunity to participate in extra-curricular sports activities throughout the year. For example; Dance Club. Also, many of our children take part in an afterschool Makaton Choir (where children even get to perform at Pompey Football Stadium to an audience!) The Makaton Choir also helps raise funds for charity. Recently we raised money for Ukraine from the choir performing in school and also delivering a bake sell.

Wider Enrichment Opportunity:

Picture below shows Portsdown Primary School's Makaton Choir performing live at Pompey Football Stadium at 'Pompey in the Community's' Christmas event:

- We participate in a Greek Day in year 5 - where the children take part in their very own 'Olympics'.
- We have an annual inclusive House Sports Day, with the emphasis on participation and achievement for all
- We use and adapt a Scheme of Learning from 'Pompey in the Community' to ensure planning, content and delivery is age appropriate. This scheme ensures lessons, year on year, are progressive. Also, where possible and meaningful we look to make cross-curricular links, for example in Year 3 the children learn an Egyptian Dance which links with their topic in History.

Assessment

- We assess children each term with the support from 'Pompey in the Community' whose coaches deliver the lessons. The children are assessed on the 4 strands below in conjunction with the progression of skills for each PE domain:

Level 1 (Year 1)	Pupils copy, repeat and explore simple skills and actions with basic control and coordination. They start to link these in ways that suit the activities. They describe and comment on their own and others' actions. They talk about how to take part in physical activity safely, and how their bodies feel during an activity. They work with others in practice and suggest some simple ideas on how to make changes.
Level 2 (Year 1/2)	Pupils explore simple skills. They copy, remember, repeat and explore simple actions with control and coordination. They vary skills, actions and ideas and their deployment and link them in ways that suit the activities. They begin to show some understanding of simple tactics and basic compositional ideas. They talk about differences between their own and others' performance and suggest improvements. They understand how to take part in physical activity safely, and describe how their bodies feel during different activities. They work with others, devising simple ideas for practices and rules.
Level 3 (Year 2/3/4)	Pupils select and use skills, actions and ideas appropriately, applying them with control and coordination. They show that they understand tactics and composition by starting to vary how they respond. They can see how their work is similar to and different from others' work, and use this understanding to improve their own performance. They give reasons why warming up before an activity is important, and why physical activity is good for their health.
Level 4 (Year 4/5/6)	Pupils link skills, techniques and ideas and apply them accurately and appropriately. When performing, they show precision, control and fluency. They show that they understand tactics and composition. They compare and comment on skills, techniques and ideas used in their own and others' work, and use this understanding to improve their performance. They explain and apply basic safety principles when preparing for exercise. They describe how exercise affects their bodies, and why regular, safe activity is good for their health and wellbeing.

Monitoring the Quality of Teaching and Learning

P.E is delivered by Pompey in the Community and also monitored closely by the senior staff within that organisation. In addition, the PE subject leader at Portsdown Primary school also monitors the planning, teaching, delivery and learning each term. With 'Pompey in the Community' being a new outsourced provider to the school, this year a lot of the monitoring has been based around pupil interviews. This year the children have really enjoyed: invasion games, circle of doom, netball and different throwing techniques, helping, playing and depending on each other, jogging/ sprinting, learning new sports and the fact that each week someone gets a medal.
